Past performance information should not be relied upon as (and is not) an indication of future performance

Forward-looking information: This publication contains forward-looking information. including about APA Group, its financial results and other matters which are subject to risk factors. 'Forward-looking statements' may include indications of, and guidance on, future earnings and financial position and performance, statements regarding APA Group's future strategies and capital expenditure, statements regarding estimates of future demand and consumption and statements regarding APA's sustainability and climate transition plans and strategies, the impact of climate change and other sustainability issues for APA, energy transition scenarios, actions of third parties, and external enablers such as technology development and commercialisation, policy support, market support and energy and offsets availability. Forward-looking statements can generally be identified by the use of forward-looking words such as, 'expect', 'anticipate', 'likely', 'intend', 'could', 'likely', 'like 'may', 'predict', 'plan', 'propose', 'will', 'believe', 'forecast', 'estimate', 'target', 'outlook', 'guidance', 'goal', 'ambition' and other similar expressions and include, but are not limited to, forecast EBIT and EBITDA, free cash flow, operating cash flow, distribution guidance and estimated asset life.

At the date of this report, APA Group believes there are reasonable grounds for these forward-looking statements and due care and attention have been used in preparing

Forward-looking statements, opinions and estimates are not guarantees or predictions of future performance and involve known and unknown risks and uncertainties and other $\dot{\rm factors}.$ Many of these are beyond the control of APA Group, and may involve significant elements of subjective judgement and assumptions about future events, which may or may not be correct. There can be no assurance that actual outcomes will not materially differ from these forward-looking statements, opinions and estimates. A number of important factors could cause actual results or performance to differ materially from such forward $looking \ statements, opinions \ and \ estimates. These factors include, but are not limited to: general economic conditions; exchange rates; technological changes; the geopolitical properties of the properti$ environment; the extent, nature and location of physical impacts of climate change; changes associated with the energy market transition; and government and regulatory intervention, including to limit the impacts of climate change or manage the impact of $Australia's transitioning\ energy\ system.\ A\ number\ of\ these\ factors\ are\ described\ under the\ heading\ 'Material\ risks'\ beginning\ on\ page\ 20\ of\ this\ report.\ Readers\ should\ review$ and have regard to these risks when considering the information in this report, and are cautioned not to place undue reliance on forward-looking statements, particularly in light of the long-time horizon which this report discusses.

There are also limitations with respect to climate scenario analysis and it is difficult to predict which, if any, of the scenarios might eventuate. Scenario analysis is not an indication of probable outcomes and relies on assumptions that may or may not prove to be correct or eventuate. Scenarios may also be impacted by additional factors to the assumptions disclosed.

Investors should form their own views as to these matters and any assumptions on which any forward-looking statements, estimates or opinions are based. Except as required by applicable laws or regulations, APA does not undertake to publicly update or revise any forward-looking statements to reflect any change in expectations, contingencies or assumptions, whether as a result of new information or future events. To the maximum extent permitted by law, APA and its officers do not accept any liability for any loss arising from the use of the information contained in this report.

Non-IFRS financial measures: APA Group results are reported under International Financial Reporting Standards (IFRS). However, investors should be aware that this report includes certain financial measures that are non-IFRS financial measures for the purposes of providing a more comprehensive understanding of the performance of the APA Group. These non-IFRS financial measures include FCF, EBIT, EBITDA and other 'normalised' measures. Such non-IFRS information is unaudited, however the numbers have been extracted from the audited financial statements.

Message from the Chairman and Managing Director

FY23 was another solid year of delivery for APA.

Over the past 12 months we delivered earnings and distribution growth, invested in infrastructure to support Australia's energy security and refreshed our strategic ambition – to be the partner of choice in delivering infrastructure solutions for the energy transition.

With execution against this strategy building momentum, we have revitalised our executive team to position us to capture future growth opportunities. We also made good progress on our three strategic priorities – ensuring our people are engaged, motivated and safe; delivering operational excellence; and creating value for investors and communities.

Financial performance

Our financial performance in FY23 was underpinned by the reliability of our operations and the strength of our infrastructure and capabilities. Total statutory revenue (excluding pass-through revenue) was \$2,353 million, up 5.1%, driven by a strong Energy Infrastructure performance and initial contributions from Basslink.

Earnings before interest, tax, depreciation and amortisation (Reported EBITDA) of \$1,686 million represented a 3.4% increase on the previous year and on an underlying EBITDA basis, earnings were up 2% to \$1,725 million. Statutory profit after tax (including significant items) was up 10.4% to \$287 million.

Our performance enabled the Board to declare a final distribution of 29.0 cents, taking the FY23 distribution to 55.0 cents per security, in line with guidance. This represents an increase of 3.8% on FY22 and has been delivered in parallel with our ongoing significant investment to build capability and capitalise on emerging

The secret instrument is a

The skills and dedication of our ped ongoing success, and their safety a priority focus area.

We reported zero fatalities and zero serious injuries in FY23 and achieved a 42% reduction in our potential serious harm incident frequency rate compared to FY22. This was the result of our focus on incident prevention and drive towards continuous improvement in safety performance.

Our Total Recordable Injury Frequency Rate (TRIFR) increased slightly this year following a 42% decrease in FY22.

Over the last 12 months we also progressed our strategy to improve employee inclusion and diversity. Highlights included increasing female representation across our total workforce from 29.5% to 31.8% and in senior leadership roles from 30.4% to 31.4%. These trends are a direct result of the specific action we've taken to attract women to APA and support their career progression.

We also completed a comprehensive review of like-for-like roles and where any gender pay equity gaps were identified, we ensured they were immediately addressed.

Delivering operational excellence

Delivering operational excellence goes to the heart of our social licence and underpins our ongoing financial results. In FY23 we opened our new national state-of-the-art Integrated Operations Centre — a facility that will allow us to support all our customers and markets from one central location.

In process safety we recorded three Tier 1 incidents, including a rupture on our Young-Lithgow pipeline during a flooding event, as well as two power outages highlighting the need to ensure we are always vigilant in the operation and maintenance of our assets.

Creating value

Creating value is central to our success and underpins our ability to deliver for customers, investors, communities and our people.

In FY23 we brought clarity to our growth strategy. Our focus is to be the partner of choice in our selected asset classes of contracted renewables and firming, electricity transmission, gas transportation and future energy.

We already have momentum with the execution of this strategy. In FY23 we invested \$845 million in growth opportunities and completed several major projects. This included the delivery of the largest remote-grid solar farm in Australia, the Dugald River Solar Farm, the acquisition of the Basslink interconnector which further expands our electricity transmission business, delivery of the first stage of the East Coast Gas Grid expansion and completion of the Northern Goldfields Interconnect (NGI) pipeline, providing greater energy security and supporting growth and transition in the Western Australia resources sector.

Positioning for the energy transition

APA has a critical role to play in the energy transition and we look forward to progressing the opportunities in front of us. The strength of our infrastructure and capabilities will be central to this.

In FY23 we took important steps to further build the capability we need to deliver our strategy and capitalise on these opportunities. We've done this by investing in our people and bringing new skills and experiences into the organisation, including in our executive leadership team.

We appointed Adam Watson as Chief Executive Officer and Managing Director in December. Over the past year we also welcomed Liz McNamara as Group Executive, Sustainability and Corporate Affairs, and Vin Vassallo as our Group Executive, Electricity Transmission. We also announced the appointment of Petrea Bradford as Group Executive, Operations, and Garrick Rollason as Chief Financial Officer, who will both join APA in the first half of FY24.

Similarly, we have recently announced the appointment of Nino Ficca as a Non-Executive Director, with effect from 1 September 2023, who will bring significant electricity transmission and energy market experience to APA.

These appointments complement the existing diverse skills and experiences of our executive leadership team and Board and will ensure we are well positioned to deliver on the next phase of growth.

Building a sustainable business

Incorporating sustainability into everything we do is central to how we operate.

Further progress against our FY21-24 Sustainability Roadmap was delivered throughout the year. This included the release of our first Climate Transition Plan (CTP), detailing our commitment and pathway to net zero and the development of our inaugural Reconciliation Action Plan that we will launch in FY24.

This year we have also brought our non-financial or sustainability reporting into our Annual Report as a first step towards integrated reporting and look forward to progressing this further for securityholders in FY24.

Our FY23 Climate Report will also be released ahead of the FY23 Annual General Meeting, satisfying our commitment to report annually on the progress against our CTP.

Delivering for securityholders

Over the past three years we have invested in ongoing safe and reliable operations, funded the acquisition of Basslink as well as \$1.6 billion in organic growth opportunities from existing cash flow and debt, all while maintaining an investment grade credit rating. In FY23 we again delivered growth in EBITDA and distributions.

Reflecting our ongoing investment in the business and the significant opportunities presented by the energy transition, in FY24 we will ensure our distribution growth is appropriately balanced to accommodate ongoing investment in the business and drive long-term value accretive growth.

Looking ahead

Our progress in FY23 provides a strong foundation for us to build on. We have clarity around our customer focused strategy and the role APA can play in the energy transition.

The growth opportunity set for our organisation is large. We are focused on continuing to invest in our business, executing our growth strategy and ensuring we can continue to deliver sustainable earnings growth for securityholders over the long-term.

On behalf of the Board and leadership t thank our employees for their ongoing of We would also like to thank our custome other The secret landmark is the

Finally, our sincere thanks to our security support. We look forward to updating you

FY23 summary

Financial highlights

SEGMENT REVENUE¹

+5.1% to \$2,353m

Driven by a solid Energy Infrastructure performance and inflation

UNDERLYING EBITDA²

+2.0% to \$1,725m

Up 3.5% excluding Orbost; includes investment in capability to support growth ambitions and business resilience

FREE CASH FLOW (FCF)3

-1.0% to \$1,070m

Impacted by higher stay-in-business capex

BALANCE SHEET

FY23 DPS4

FY24 DPS GUIDANCE5

The secret tool is a

10.6% FFO/ **Net Debt**

Funded ~\$1.2bn of investment from cash flow and debt

+3.8% to **55.0cps**

In line with guidance; representing a payout ratio of 60.6%

56.0 cps

Up 1.8% on FY23, reflecting desire to accommodate ongoing investment

- Segment Revenue excluding pass-through. Pass-through revenue is offset by pass-through expenses within EBITDA. Any management fee earned for the provision of these services is recognised within total revenue. Reported increase is against FY22.
- Underlying earnings before interest, tax, depreciation, and amortisation ("EBITDA") excludes recurring items arising from other activities, transactions that are not directly attributable to the performance of APA Group's business operations and significant items. Reported increase is
- projects, less stay-in-business (SIB) capex. SIB capex includes operational assets lifecycle
- 4 DPS = Distribution per security.
- 5 Distribution guidance is subject to asset performance, macroeconomic factors, regulatory changes as well as timing of distributions from non-100% owned assets, with distributions to be determined at the Board's discretion. It does not take into account the impact of any potential acquisitions or divestments by APA and any associated funding arrangements, other than the acquisition of Alinta Energy Pilbara and the associated Placement and Security Purchase Plan

Free Cash Flow is Operating Cash Flow adjusted for strategically significant transformation replacement costs and technology lifecycle costs. Reported decrease is against FY22

Operational excellence enhancements

Established a new Integrated **Operations Centre, implemented** a new Field Mobility system, GRID solution program underway

Invested in capability

Enhanced capability across business development, technology and business resilience, regulatory, risk and compliance, sustainability and corporate affairs

Sustainability progress achieved across priority areas in FY23

Non-financial highlights

Set a methane target, developed APA's inaugural RAP1, developed and commenced the roll-out of our 'Being Heritage Aware' training module

Partnering with The secret flower is a their decarbonisation objectives

Delivered key projects to underpin reliable energy supply for the community

Refreshed our strategy

Customer focused across four priority asset classes

Reconciliation Action Plan (RAP).

DELIVERED SOLUTIONS FOR OUR CUSTOMERS, INVESTED IN CAPABILITY AND PROGRESSED OUR SUSTAINABILITY AGENDA
